

FEATURES

Easy, Fast, Single-Screen E-Filing

We've made e-filing new cases and new documents an extremely easy process. Our single screen for e-filing will dynamically update to collect the information the Court needs based on the filing you are submitting.

Subscription Based Account Options

Tired of transaction fees? Then sign up for our unique subscription based plans so you know exactly what you will pay monthly, or annually, for your e-filing service.

File Stamped Documents Attached to Accepted Email

By default, Green Filing will send you an email with your file stamped documents attached once your filing is accepted, eliminating the need to re-login and download your documents.

Secured Support Staff Accounts

Attorneys often depend on their support staff to make sure pleadings are filed properly, timely, and as authorized by the attorney. Green Filing allows firm admins and attorneys to limit the attorneys for which support staff are allowed to file.

Detailed Filing Activity Reports

Run filing activity reports at any time for any date range and for any attorney. These reports can be used to reconcile credit card charges for filing fees, or bill back filing costs to clients.

Devoted 24 / 7 LIVE Support (Chat, Email, Phone)

The support we provide our customers sets us apart from our competitors. Call or email us anytime, 24 hours a day, 7 days a week and we'll respond to your inquiry with the assistance you need. We are fanatical about support.
